PRESIDENT WARNS

HEART OF WORLD IS AWAKE AND MUST BE SATISFIED

CRITICS ARE BLINDED

Declares Amazement That in "Some Quarters" There Should Be Such Ignorance of the State of the World.

New York, March 5.—With the plaudits of the American metropolis ringing about him, and supremely confident of the support of the whole country on his league of nations idea, the President began his second journey to France today. President Wilson accompanied by his wife and a large party sailed from Hoboken on the steamer George Washington at 8:18 this morning.

"Every statement I made in my New York speech last night and every word I said before leaving Washington will be understood by the people if not by certain politicians," said the President before sailing.

Speaking after former President Taft had expounded the main features of the proposed covenant of nations, Mr. Wilson told the audience, which filled the Metropolitan Opera House last night, his opinions of opponents of the league plan in America.

"No party has the right to appropriate this issue, and no party will in the long run dare oppose it," he asserted.

"And I am amazed—not alarmed, but amazed that there should be in some quarters such a comprehensive ignorance of the state of the world," continued Mr. Wilson. "Those gentlemen do not know what the mind of men is just now. Everybody else does.

"I do not know where they have been closeted; I do not know by what influences they have been separated from the general currents of the thought of mankind.

"And I want to utter this solemn warning, not in the way of a threat; the forces of the world do not threaten, they operate. The great tides of the world do not give notice that they are going to rise and run; they rise in their majesty and overwhelming in might, and those who stand in the way are overwhelmed. Now the heart of the world is awake and the heart of the world must be satisfied."

America's soldiers, he said, went overseas feeling they were sacredly bound to the realization of those ideals which their President had enunciated when the United States went into the war.

"There is another thing," the President said, "which critics of the league have not observed.

"They not only have not observed the temper of the world, but they have not even observed the temper of those splendid boys in khaki that they sent across the seas," he asserted.

"And do you suppose," continued the President, "that, having felt that crusading spirit of these youngsters, who went over there not to glorify America, but to serve their fellow men, I am going to permit myself for one moment to slacken in my effort to be worthy of them, and of their cause? I do mean to not come back until 'It's over over over there,' and it must not be over until the nations of the world are assured of the permanency of peace."

"I must say I have been puzzled by some of the criticisms—not by the criticisms themselves; I can understand them perfectly, even when there was no foundation for them; but by the fact of the criticism.

"I cannot imagine how these gentlemen can live and not live in the atmosphere of the world. I cannot imagine how they can live and not be in contact with the events of their times, and I particularly cannot imagine how they can be Ame[illegible]nd set up a doctrine of carefu[illegible]throughout to the last de[illegible]

"I have heard [illegible]enerosity in their critic[illegible] of no constructive sugge[illegible] heard nothing except 'will i[illegible] dangerous to us to help the world[illegible]t would be fatal to us not to help it."

'WET' WAVE SWEEPS VERMONT

Burlington, Rutland and St. Albans Turn From Drys—Other Towns Vote Wet First Time in History.

Montpelier, Vt., March 5.—Complete returns from yesterday's elections in Vermont cities and towns showed that a "wet" wave has swept the state. This city, Burlington, Rutland and St. Albans all swung into the wet column while River Junction and Johnsbury went wet for the first time in their history. A heavy woman's vote was cast in Burlington.

The cities named are among the largest in the state.

A HOSPITAL TO AID SOLDIERS

Kirksville Institution Offers Free Treatment For Any Soldier From Overseas.

Two months ago it was announced that the A. S. O. Hospital at Kirksville, Mo., would give free treatment and hospital care to all returning osteopaths from the Army or Navy for the next two years.

It has been decided by the management, says the Kirksville Express to extend the offer to this extent: Any returned foreign service soldier or sailor anywhere in the country, during the next year, can get free surgical, orthopedic or osteopathic treatment, but in case they will have to be in the hospital will have to pay their board and room.

Even this expense will be free to all members of Company C., who went out from Adair or adjoining counties, and of course to all students and graduates of the school.

This offer holds good for the years 1919 and 1920.

This is to be an important department of the school and hospital, and men specially trained for this work will be employed in addition to the regular force.

SET CLOCKS UP MARCH 30.

Congress Took No Action to Repeal the Daylight Saving Law.

Washington, March 5.—Failure of Congress before final adjournment today to take any action on pending bills providing for repeal of the Daylight Saving Act made certain that the nation's clocks again would be advanced an hour during the period between the last Sunday in March and the last Sunday in October.

SUES FOR DAMAGES

PARNELL FIRM AND THE TOWN PRINCIPALS IN SUIT

FOR INJURIES RECEIVED

Emmett Herndon Asks $20,000, Charging Permanent Hurts From Fall Over Gas Engine on Walk.

Claiming damages from personal injuries received in a fall over a gasoline engine Emmett Herndon of Parnell, has brought suit against Andrew J. Roof and J. F. Lafavor and the Town of Parnell, asking damages in the sum of $20,000. Cook & Cummins, Waldo P. Goof and Lucien J. Eastin are attorneys for Herndon.

The plaintiff in his petition, filed this morning in the office of the clerk of the circuit court says that on November 5 last, while passing the store of Roof & Lafavor, he failed to see in the dark, a gasoline engine setting on the walk in front of their place of business, and that falling over, he sustained a fractured hand, together with great mental and bodily anguish which has resulted in his permanent disability.

Roof and Lafavor are charged with violating the city ordinances in placing an obstruction on the walk while the town is charged with permitting the violation.

The progress of the case will be watched with much interest in all of the towns of the county.

LENT STARTS TODAY

Ash Wednesday Services Held In Churches Opening Penitential Season.

Today is Ash Wednesday, which marks the beginning of the Lenten season, which this year is considerably later than usual. Lent will last for forty days, exclusive of Sundays, terminating on Easter Sunday, which this year falls on April 20.

A number of creeds, principally Catholic, Episcopalian and Lutheran, observe the Lenten season, and in churches of these denominations there will be regular services appropriate for this season. In the Catholic churches the observance of Ash Wednesday is marked with the distribution of ashes on the foreheads of the faithful as a reminder of the Scriptural injunction, "Remember, oh, man, that thou art dust, and unto dust thou shalt return." Regular Lenten services will be held in Catholic churches on Wednesday, Friday and Sunday evenings.

FOOD NEED MAY BRING CRISIS.

Paris, March 5.—Herbert Hoover, head of the food relief committee today was consulted by a council of ten regarding the best means of rushing food supplies to the Czecho-Slovaks. The conference was informed that conditions there are terrible and unless immediate relief arrives there is great danger that the rapidly growing Bolshevist element will overrun the government and take control.

At Work With Red Cross.

Mrs. James Conklin received a letter today from her son, Bugler Herschel Conklin, with the American Forces in France, in which he stated that he was busy working with the entertainment division of the Red Cross and was also assisting in teaching French. He wrote that his company had received no notification of when they would be sent to the States.

DEPUTY TO AID TAXPAYERS

Representatives From Internal Revenue Office Will Be Here March 13-14 to Help in Making Returns.

Geo. F. Crutchley, of the Treasury Department, internal revenue service, of the Kansas City offices in a letter today to postmaster Jas. Todd advises as follows:

"Please advise banks and merchants also rural carriers, that a deputy from this office will visit your town March 13 and 14 to assist and instruct taxpayers in making their income tax returns. On account of the short space of time provided for filing returns, please give this as much publicity as possible."

The Commercial Club has also announced that it has secured the services of Theodore S. Cady of the Federal Tax department of the Fidelity Trust Co., of Kansas City, who will be here on Friday, March 7, for a meeting with business men to give information on the new tax law. Everyone is invited to attend the meeting which will be held at the court house in the afternoon.

MAY CLUB CONGRESS

WILSON PLANS TO USE BIG STICK IN LEAGUE FIGHT

Washington, March 5.—Through friends well acquainted with his plans, President Wilson's scheme for forcing his league of nations constitution on the American people even against the opposition of the next congress it has become known.

The President is hurrying back to Paris because he has been advised that the deliberations of the council of allies are approaching conclusion that the German plenipotentiaries soon will be summoned to sign the peace, and that the treaty probably will be signed, sealed and delivered by the peace conference by April 25.

Mr. Wilson plans to return to America early in May with the treaty including the league of nations covenant in his pocket. He then will launch a nation-wide propaganda movement to win approval of the peace league by the American people, probably speaking throughout the country in its support.

William H. Taft will aid the President in this undertaking, and if Mr. Wilson's present plans are successfully matured, there will be a great nonpartisan movement to evoke an overwhelming popular indorsement of the league through public meetings in every community and resolutions of organizations of every character. After this campaign, designed to convince senators that their constituents approve the league, the President will summon the new Republican Congress in extra session in June, appear at a joint meeting of the senate and house and formally present the draft of the treaty together with a plea for its ratification.

Before the senate shall have passed upon the treaty, it is expected that it will have been ratified and proclaimed by nearly all the other nations. The President is confident that the American people will indorse the peace league, and that in the face of American sentiment and the favorable action of other nations, such opposition as exists in the senate will melt away.

Democratic leaders have gained the impression, from talks with the President, that if all goes well with his plan to procure ratification of the peace league by the senate in 1919, he will not be a candidate for re-election in 1920, for he will regard his work satisfactorily completed. But if the treaty should fail of ratification before 1920, and it should appear that the question was to become an issue in the presidential campaign, Mr. Wilson probably would deem it his duty to the people with his fight for peace league.

STATE BOARD ACTS

GUILFORD MENINGITIS EPIDEMIC IS BEING INVESTIGATED

BARNARD ALARMED, TOO

County Physician Dr. H.S. Rowlette, instructed to Take Charge of Situation at Once.

The epidemic of spinal meningitis at Guilford and vicinity which has resulted in nine deaths has been brought to the attention of the state board of health with the result that County Physician Dr. H. S. Rowlette has been instructed to take such steps as will result in checking a spread of the disease. It was learned yesterday that one or two new cases have developed, and while no deaths have occurred from the contagion since early last week, it is feared that other fatalities may result.

Fearful that the epidemic might spread to Barnard Squire Woodhead, representing the Barnard town board and Loren Campbell of the school board appeared before the county court yesterday afternoon and asked that measures be taken to prevent the disease from spreading to that community.

The disease, one of the most violently contagious known, is believed to have been brought into the community by a Mormon missionary who spent some time in various homes there. He left about a month ago, giving his destination as Independence, Mo., but is said to have gone to Liberty, Mo., where it is said he took treatment for a disease now believed to have been spinal meningitis. Efforts are being made to locate him in order to prevent its spread into other communities.

With one exception the victims have been children from one to seventeen years old. W. T. Nelson, 38, has been the only adult to die from the disease.

Besides the deaths some fifteen serious cases developed, the majority of which are reported to have recovered, or are out of danger.

Dr. Rowlette told the members of the county court in session yesterday that immediate steps would be taken to stamp out the disease and every effort possible would be exerted to this end.

ARMENIAN DRIVE NOT ENDED

But One-Third Townships in County Have Reported—Others Still at Work in Effort to Raise Quota.

The campaign for funds for Armenian and Syrian Relief has not ended in Nodaway county for the reason that during the week of the drive it was impossible for solicitors to work in the country districts on account of bad roads. County Chairman C. E. Wells stated today that the townships were still at work and expected to finish within a short time. Union and Monroe townships have reported that they will be able to report within a few days. Hughes township reported this morning, sending in an amount considerably in excess of their quota. Only a few of the school districts in Polk township have reported Chairman Wells stated.

It is urged that with a return of normal weather conditions that all townships will make an effort to complete the work this week that a full report may be made to headquarters.

DIES WITH PNEUMONIA.

Agnes Markham, the twelve-year-old daughter of Mr. and Mrs. George Foxworthy, living three miles west of Graham, died at two o'clock this morning with pneumonia. Besides her mother and step father the little girl leaves five younger brothers.

Funeral services will be held tomorrow afternoon at two o'clock at the Methodist church of Graham.

Jean Montgomery, the young daughter of Mr. and Mrs. R. B. Montgomery, who has been quite ill for several days is improving.

Mrs. Anna Todd and daughter, Miss Mabel Todd, left this morning for a two months' stay in Texas. They will visit at Wichita Falls, Houston, San Antonio and Galveston and before returning will stop at Port Arthur, to visit Miss Helen Todd who is teaching in the public schools there.

Mrs. Zeigler Returns.

Mrs. L. E. Zeigler returned last night from a visit with her parents, Mr. and Mrs. H. S. Besgrove at Fayette, Mo.

MORE ARRESTS IN BOMB PLOT

One Hundred and Fifty I. W. W. Suspects Are Being Held by Chicago Police—Money Sent From Norway.

Chicago, March 5.—Close to one hundred and fifty I. W. W. suspects were arrested during the night in a search being made by the authorities for "Reds," implicated in a plot to bomb eleven buildings in this city are held in communicado today. It became known that thiry thousand dollars of the $150,000 fund sent from Christiana, Norway, to I. W. W.'s in this country is said to have been used to finance the thwarted bomb plot in Chicago.

NORMAL-POLY GAME FRIDAY

It Will Be the Last One of the Season for the Bearcats—M. H. S. and Bentons Play Friday.

Coach Merl Sims' Bearcats will play the last game of the season tomorrow night with the Polytechnics of Kansas City, the game to be played here. The Normals have been looking forward to making Poly take the count in this event as the Bearcats were given a good walloping at K. C., on their recent visit there. The dope, however, has been undergoing somewhat of an upsetting since the Bearcats played them, the Polys having been defeated by Midland College and Midland was easily downed in their game here. The Kansas Aggies also put the Polys down for the short end of the score in their recent game, so it looks to the dopesters that Poly ought to be the victim in tomorrow night's event.

The M. H. S. season also will probably end with their game Friday night with Benton at St. Joseph. Zeigler's quintette was defeated by the Bentons several weeks ago and will make a determined effort to get on the long end of the score. The Bentons will go to Omaha for a game Saturday night.

NO INFLUENZA IN MANITOU

Soda in Spring Water Believed to Have Prevented Disease—Only Town in Country Reporting Immunity.

Remember at the beginning of the influenza epidemic last fall that medical men urged the liberal use of soda as a preventive of the disease? The advice appears to have been well timed as indicated by the following from the Colorado Springs Evening Telegram:

"It's an ill wind that blows nobody good."

So say merchants and business men of Manitou who are enjoying the best winter season in the history of the resort. People from all parts of the country are flocking to Manitou as a haven of refuge against the influenza. Manitou thus far has escaped the ravages of the disease and not a single inhabitant has been afflicted.

Many of the residents say the use of Manitou's famous soda water is the best preventive known and this beverage now is in great demand. Scores of Colorado Springs people drive to Manitou daily to get bottles filled, and any morning one can see long lines of people with their hands full of bottles waiting to take their turn at the fountain.

Virtually every winter cottage in Manitou is rented and the Cliff House is remaining open this winter for the first time in ten years. People are coming in from the outside and as yet not a single outsider has caught the influenza. Manitou seems to be the only town in the nation to escape the disease.

IN BLOODY BATTLE

SPARTACIDES AND GOV. TROOPS MEET IN FIRST CLASH

MAY OUST NEW REGIME

Two American Red Cross Workers Attacked by Reds—France Fearful Bolshevism Will Prevail in Germany.

Berlin, (March 4—via London March 5.)—The first big clash between Spartacides and government troops occurred at noon today in Alexander Platz, when the latter without warning, began firing upon civilians. Fifteen or twenty were reported killed. After a bloody battle the government troops re-captured the police station this evening.

There is every indication that the Independents and Spartacides are being backed up by thirty or forty thousand troops including the republican guard numbering fifteen thousand men The new government headed by President Frederich Ebert may be forced out within twenty-four hours. Both the Reds and the government troops are using machine guns. One young girl was caught in the line of fire during a street battle and the top of her head was shot off. Transportation throughout the city is at a standstill.

Twenty police stations in as many different sections of the city are held by the Spartacides while mobs in Alexander Platz made attacks upon two Americans who are believed to be Red Cross workers, but were driven off by troops who fired on them. The Americans were riding in taxicabs when the attacks were made. Their names were not learned.

Paris, March 5.—The gravest apprehension is felt that Germany may be plunged into Bolshevism and will have nothing to pay the war indemnity with. It is learned authoritatively that in view of the heavy claims of France and others that England may forego monetary indemnity from Germany, demanding instead a part of Germany's mercantile fleet.

Amsterdam, March 5.—There were over thirty victims in the fighting in and around Berlin Tuesday according to information this afternoon. A state of siege has been proclaimed at Hamborn and Halle. The strike in Berlin is spreading and it is expected that workers in every line of industry will be out.

VICTIM OF WHITE PLAGUE

Doyle Carriger Died This Morning at Home of Sister.

Doyle Carriger, colored, died at one o'clock this morning at the home of his sister, Mrs. Anderson on South Market street. Death was due to pneumonia. Carriger's wife, who was a daughter of Mr. and Mrs. Henry Wilson, died about two years ago. The body will be taken to Stanberry for burial and the funeral services probably held Saturday morning.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ATLANTA BUSINESS MAN IS ENTHUSED

Since Taking Tanlac Almand Says He Feels as Well as He Ever Did.

"If you had seen me before I began taking Tanlac you would hardly believe me to be the same person," said A. F. Almand, a well known seed merchant of 271-3 Peters street, Atlanta, Ga.

"For more than a year," he continued, "I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour, undigested food. I suffered with heart burn constantly and was extremely nervous, my liver was sluggish and I was bilious, too, I felt languid and tired out most of the time and often felt so bad that I could hardly attend to my business properly.

"I heard so many people praising Tanlac that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heart burn or indigestion and am not nervous like I was before, I sleep well and get up in the morning feeling fine and dandy for a hard day's work."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co.—Adv.

"Elder, do you believe everything the Bible says is true," Brother Swattum asked us this morning. "I used to, but of late I am rather skeptical. The Bible says the Lord made man in his own image. When I see some men and reflect on that declaration, I must either admit that the Bible may be mistaken, or the Lord is a most comical looking reprobate."

Told on a Maryville doctor: He was called to the telephone one afternoon last week by a man living in the northwest part of the city. The man said his wife was quite sick and after he had described her symptoms the doctor told him she had a bad case of the "flu" and that he would call the next morning. The next morning he telephoned and asked how the woman was getting along. "She seems to be all right" was the reply "and the baby weighs nine pounds."

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co. Lynn, Mass. The result of its forty years experience is at your service.

Tacky Social Big Affair.

A real jollification time was had by the men and women of the Buchanan street Methodist church last night at a tacky party given by the Home Makers of that church. Most all present came masked and so successfully were some of the camoflages that the parties wearing them were unknown until unmasking time came—and the surprises in revelation were complete. Uncle Sam hasn't kept the secret of camoflaging very good and the costumes ranged from the blushing Colonial maid to the typical hobo. Prizes were awarded to Mrs. E. W. Heidleman and R. C. Seals, complimentary to their being the best tackily dressed man and woman present. Mrs. M. E. Farrar was a very close runner up for the woman's prize.

The "tacky" program, in charge of Mrs. Earl Henderson, assisted by Mrs. L. H. Leet, was followed by a "tacky" menu of ginger bread and coffee. "Tacky" games and amusements furnished a great deal of mirth and recreation for the unconventionalities of the evening.

Mrs. Dan R. Baker, Mrs. James Blagg, Mrs. R. M. Barry, Mrs. Campbell, Mrs. L. P. Colvin and Mrs. Craig were the entertaining hostesses.

Mrs. Dale Conducts Study.

Mrs. E. T. Dale was in charge of the study program given yesterday afternoon at a joint session of the Ladies Aid and Missionary Societies of the Methodist church, South, held at the church. The study topic was "Making Democracy Safe," and readings were given by Mrs. N. F. Humber and Mrs. R. C. Holliday. Mrs. E. B. Sheldon of Kansas City, a former member of the society, who is visiting Maryville friends, was present and talked interestingly of the work of the women in the society in Kansas City to which she belongs. Mrs. L. P. Colvin and Mrs. M. L. Hopper were received into membership.

Methodist Workers Entertained.

Mrs. Gilbert S. Cox, Mrs. James Carpenter and Mrs. Fred Curfman entertained the Young Women's Missionary Society of the First Methodist church last night at the Cox home on South Main street. The program was in charge of Mrs. Arthur A. Brewer and the numbers were given by Miss Carrie Margaret Baker, Miss Jessie Briggs and Mrs. C. C. Leeson. Dr. Cox gave several solos and an informal social period closed the evening.

Mrs. Pugh Entertains Society.

Mrs. J. T. Pugh entertained Circle Number Three of the First Baptist Women's Auxiliary, yesterday afternoon at her home. The devotional period was led by Mrs. Flora Quinn and the study hour by Mrs. G. B. Holmes. Papers were read by Miss Addie Yeo, Mrs. Pugh and Mrs. Waller. Mrs. Arch Carter and Mrs. W. C. Ferguson gave musical numbers and Mrs. L. S. Yeo gave a reading. Twelve members and one visitor were present.

Merrigan-Growney.

Miss Ruth Merrigan of Clyde, Mo., and Mr. Emmett Growney of Conception, were married at 7 o'clock Tuesday morning at St. Joseph, the ceremony taking place in St. Joseph's cathedral, Rev. Father M. F. Conner, officiating. Miss Mary Growney, sister of the groom, and Mr. William Merrigan, brother of the bride, were the attendants. The bride wore a navy blue suit with hat and shoes to correspond and a corsage bouquet of sweet peas. The bridesmaid wore a tan tailored suit with hat corresponding and carried pink carnations. Following the ceremony a wedding breakfast was served at the St. Francis hotel. After a short honeymoon trip Mr. and Mrs. Growney will be at home in Conception.

Announce Birth of Son.

Mr. and Mrs. McGrame of Glendale, Cal., announce the birth of a daughter February 28 at the home of Mrs. McGrame's parents, Mr. and Mrs. John H. English at Glendale. Mrs. McGrame was formerly Miss Margaret English and all of the family have many friends in this city which is their old home. Mr. McGrame is in service with the American Forces in France. Mr. English's mother, Mrs. F. M. English of Chicago, formerly of Maryville, is in Glendale and has been spending the winter there with her son and his family.

Her First Grandson.

Mrs. Alice Ringgold of North Vine street, received a message this morning announcing the arrival of an infant son to her son and his wife, Mr. and Mrs. M. V. Ringgold of San Francisco, Cal. The baby has been called John Robert. He is Mrs. Ringgold's first grandson.

What Is the Cause of Headache? Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find a woman free from it. Sometimes the cause is obscure but Dr. Pierce of Buffalo, N. Y., a high medical authority says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom may be backache, or headache, dizziness, accompanied by bearing-down sensations, weakness, irregularity, painful periods, irritation, and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs, put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing injurious. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Spring Styles

Probably the uppermost thought in the minds of most women is that of what the new Spring Styles will be. A visit to our store will ease your mind on this score as the store is now becoming a veritable style shop—every department is receiving new Spring creations that will afford us real pleasure to show you.

Tailored Suits

There are three distinct types of suits that dominate the mode this season; the box coat suit, which is the novelty of the season, the long line semi-fitted suit, and the belted effects.

The box coat suit, a youthful type, appears with and without the waistcoat and may be cut to just below the waistline, to hip length and even longer.

This season's semi-fitted suit is distinguished by a straighter cut that merely suggests but doe not define the waistline and which is immensely becoming, and by a longer cut coat which helps to give a straight, slender effect that is so popular.

The belted suits of this Spring are notable for their narrowness of the belt, for their method of fastening, for their interesting pocket designs and their clever collars and revers.

Skirts of suits are notably longer this season, which is in accordance with the narrowness. While the extremely narrow skirt which makes walking difficult will be shunned by the well dressed woman, she will accept the slender, straight line effects that compliments her heighth and accords with the present mode.

Spring suits in serge, gabardine, poplin and chiffon taffeta in dark blue, soft tan, light blues, gray, taupes, and warm rose tones are now on display in our Ready-to-Wear Department.

Priced at $25.00, $29.50, $35.00, $37.50, $45.00, $47.50, $55.00, $59.00 and $65.00.

Spring Hats

Our early Spring hats are here and attracting the favorable attention of the ladies who have been fortunate enough to see them.

The Lisere straw frames are the feature this season. Black is the leader with ostrich feathers, quills, flowers and ribbons used as trimmings. There is also a sprinkling of gray, henna, navy, rose and the other tones of Spring.

The Sailor effects, bonnet effects, dashing high turbans and tam o'shanter shapes are all prominent in the Spring showing.

Come in and try on some of the new Spring styles. We will be glad to show you the new Spring creations whether you wish to buy or not.

MR. WILSON'S TRIUMPH.

From the New York Times.

Americans who regretted the President's decision to absent himself from the country in these days of domestic need and urgency, and the Times was one of those which regretted it, will not only cheerfully admit the greatness of its achievements at the Paris Conferenee, but will rejoice in their recognition of his now amply demonstrated fitness for the work he undertook. Mr. Wilson's presence at the Conference has not been a cause of discord or of jealousy; it has not been resented. It was seen from the beginning that he went there not to dominate, as his critics said, but to unite the nations. He has been marvelously successful in bringing into agreement men who represented interests that seemed to be conflicting. His influence in this work has prevailed because all the other nations represented looked upon him as a wise and impartial friend, interested only in making justice and the welfare of peoples the basis of the decisions reached. His triumph in securing unanimous approval of the league of nations constitution is one in which every American may take pride.

Mr. Wilson has a dreadful way with his crisis. He does not reply to them, he does worse. They rail at him as an idealist, a visionary, a man without practical objectives, or if he have them, that they are impossible of acceptance; and they obligingly point out the things he ought to do. Mr. Wilson calmly continues his great labors, and presently lays his critics flat and leaves them helpless either by doing the very things they had proposed, and doing in a manner better than they ever dreamed of, or else by attaining his ends in a way that robs their objections of every point. We are confident that Mr. Beck, for instance, must regret the violence of the language he used in his Lincoln Day address when he said that Mr. Wilson's foreign policy throughout "has been a black stain of dishonor upon the American people;" that "his principles have been a crazy patchwork of contradictions," and in bringing the war to an end without victory, some fourteen nations of the earth, including the greatest civilized nations. Such criticism recoils disastrously upon him who utters it. Not even the neutral desire of a great political party to find or create "issues" for the coming presidential election can give lodgment in the minds and hearts of the people to this estimate of Mr. Wilson's distinguished service.

The day when the project of the covenant of peace was approved unanimously in Paris was one of the greatest in the world's history. The people of all the nations understand that; the people of America, with their horror of war, cannot be fooled about it, they cannot be misled into any small and narrow view of its momentous promise. In bringing the plan of the league into form and acceptance, Mr. Wilson has played a master role, every American feels that in his heart, every American understands that he brought great abilities, extraordinary qualities of tact and persuasion, and a profound understanding of the need of all the peoples to the performance of his task. The American people will be impatient of any petty or partisan obstruction put in the way of the acceptance of this covenant of the nations as their public system of law and justice.

The women of the Centenary church will hold a home cookery market Saturday, March 8, at the Schumacher grocery store. 5-7.

The Most Elaborate Dugout.

From the Detroit News.

Prince Rupprecht's waldhaus in the Argonne is to be kept as a national curiosity. It is said to be probably the most elaborate dugout that was ever built. Dug into the hillside, concreted and camouflaged so elaborately that from a few yards off one does not perceive it, it consists of four or five good sized rooms of which those nearest the hillside have iron shutters. The rooms are paneled and painted, and there is also a swimming-bath of about ninety feet in length and sixty in width. It is outfitted with electric lights and hot and cold water. A passage leading from the front of the dugtnorftoefh-esl zz cm et eta etaa out takes one down sixty feet and into perfect safety. This passage is no longer passable, as water has filled it up. During the war pumps were kept going constantly to keep it dry. Just outside and for less stormy periods, is a German biergarten with tables and chairs and flower beds.

Commercial Club "Dolls Up."

The rooms occupied by the Commercial Club have been made more comfortable by the addition of a new hardwood floor, while the walls have been redecorated and other improvements made.

Obituary.

Mrs. Francis Workman departed this life March 2, 1919, after a painful and lingering illness. It was given her to live longer than to most of us in this world. She was born 65 years ago in Illinois. For forty-five years she and her husband walked together thru the sorrows and joys of married life. To them were born three children, Mrs. Dora B. Yeager, Clarence Workman and Irvin Workman. Just two months ago we buried Irvin.

None of us would call her back to this world where she saw so much suffering in the last days of her life. She has tasted of the sweetness and joys of the better life. She was a faithful wife and mother. She called her loved ones round her bedside and admonished them to be prepared to make the journey across the river. She loved devotedly and was faithful to those whom she knew.

The funeral was conducted by W. C. Ferguson, pastor of the Baptist church, from the home of her son, Clarence Workman, northwest of Maryville. The body was interred in the Workman cemetery.

How we realize that life is precarious at best. Today the candle is burning brightly, tonight a fitful gust blows out of the east, and tomorrow nothing remains but the charred wick and a little group of mourners.

Altho the voice we loved is stilled in death, and we know we cannot call her back again. We would not if we could. She is released from pain and suffering. Still each one of us can go to her, if we are prepared thru faith in Christ.

"She resteth now. No more her breast
Heaves with its weary breath;
Pain sits no longer on the brow
Where lies the calm of death.
Sunk to her rest like a tired child,
She lies in slumber deep,
Soft folded in the arms of Him
Who giveth His beloved sleep.

Nay, doth she rest? No, day nor night
She resteth not from praise;
Her spirit, wing'd with rapture, knows
No more earth's weary ways;
But ever toward the Infinite
Her flight onward, upward, does she keep,
For He gives active tirelessness
Who giveth His beloved sleep."

Kidney disorders cause much distress of mind and body. Such ailments should not be neglected, because they lead to diseases that are dangerous. Prickley Ash Bitters is a fine kidney tonic. It strengthens the kidneys and purifies the stomach and bowels. Price $1.25 per bottle. Maryville Drug Co., Special Agents.

Indians Ask Autonomy.

From the Seattle Post-Intelligencer.

Missoula, Mont.—A real Flathead Indian council, said to be the first held in Western Montana since the white man arrived here in large numbers, was held recently at the Mission and it has just been learned that as a result of it the Indians, backed by Major Sharp, will appeal to Washington for the right to administer their own financial affairs. Resolutions were drawn up asking that the reservation population be freed from the supervision of the agency and Major Sharp, the agent, favors giving the Indians a chance at it.

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unintelligent treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation. And everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs. S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Go to your druggist to-day and get a bottle of S. S. S., and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

PRESIDENT WARNS

HEART OF WORLD IS AWAKE AND MUST BE SATISFIED

CRITICS ARE BLINDED

Declares Amazement That In "Some Quarters" There Should Be Such Ignorance of the State of the World.

New York, March 5.—With the plaudits of the American metropolis ringing about him, and supremely confident of the support of the whole country on his league of nations idea, the President began his second journey to France today. President Wilson accompanied by his wife and a large party sailed from Hoboken on the steamer George Washington at 8:18 this morning.

"Every statement I made in my New York speech last night and every word I said before leaving Washington will be understood by the people if not by certain politicians," said the President before sailing.

Speaking after former President Taft had expounded the main features of the proposed covenant of nations, Mr. Wilson told the audience, which filled the Metropolitan Opera House last night, his opinions of opponents of the league plan in America.

"No party has the right to appropriate this issue, and no party will in the long run dare oppose it," he asserted.

"And I am amazed—not alarmed, but amazed that there should be in some quarters such a comprehensive ignorance of the state of the world," continued Mr. Wilson. "Those gentlemen do not know what the mind of men is just now. Everybody else does.

"I do not know where they have been closeted; I do not know by what influences they have been separated from the general currents of the thought of mankind.

"And I want to utter this solemn warning, not in the way of a threat; the forces of the world do not threaten, they operate. The great tides of the world do not give notice that they are going to rise and run; they rise in their majesty and overwhelming in might, and those who stand in the way are overwhelmed. Now the heart of the world is awake and the heart of the world must be satisfied."

America's soldiers, he said, went overseas feeling they were sacredly bound to the realization of those ideals which their President had enunciated when the United States went into the war.

"There is another thing," the President said, "which critics of the league have not observed.

"They not only have not observed the temper of the world, but they have not even observed the temper of those splendid boys in khaki that they sent across the seas," he asserted.

"And do you suppose," continued the President, "that, having felt that crusading spirit of these youngsters, who went over there not to glorify America, but to serve their fellow men, I am going to permit myself for one moment to slacken in my effort to be worthy of them, and of their cause? I do mean to not come back until 'It's over over over there,' and it must not be over until the nations of the world are assured of the permanency of peace."

"I must say I have been puzzled by some of the criticisms—not by the criticisms themselves; I can understand them perfectly, even when there was no foundation for them; but by the fact of the criticism.

"I cannot imagine how these gentlemen can live and not live in the atmosphere of the world. I cannot imagine how they can live and not be in contact with the events of their times, and I particularly cannot imagine how they can be Ame[rican] and set up a doctrine of carefu[l] throughout to the last de[gree].

"I have heard [no] generosity in their critic[isms] of no constructive sugge[stion] heard nothing except 'will it dangerous to us to help the world: it would be fatal to us not to help it."

'WET' WAVE SWEEPS VERMONT

Burlington, Rutland and St. Albans Turn From Drys—Other Towns Vote Wet First Time in History.

Montpelier, Vt., March 5.—Complete returns from yesterday's elections in Vermont cities and towns showed that a "wet" wave has swept the state. This city, Burlington, Rutland and St. Albans all swung into the wet column while River Junction and Johnsbury went wet for the first time in their history. A heavy woman's vote was cast in Burlington.

The cities named are among the largest in the state.

A HOSPITAL TO AID SOLDIERS

Kirksville Institution Offers Free Treatment For Any Soldier From Overseas.

Two months ago it was announced that the A. S. O. Hospital at Kirksville, Mo., would give free treatment and hospital care to all returning osteopaths from the Army or Navy for the next two years.

It has been decided by the management, says the Kirksville Express to extend the offer to this extent: Any returned foreign service soldier or sailor anywhere in the country, during the next year, can get free surgical, orthopedic or osteopathic treatment, but in case they will have to be in the hospital will have to pay their board and room.

Even this expense will be free to all members of Company C., who went out from Adair or adjoining counties, and of course to all students and graduates of the school.

This offer holds good for the years 1919 and 1920.

This is to be an important department of the school and hospital, and men specially trained for this work will be employed in addition to the regular force.

SUES FOR DAMAGES

PARNELL FIRM AND THE TOWN PRINCIPALS IN SUIT

FOR INJURIES RECEIVED

Emmett Herndon Asks $20,000, Charging Permanent Hurts From Fall Over Gas Engine on Walk.

Claiming damages from personal injuries received in a fall over a gasoline engine Emmett Herndon of Parnell, has brought suit against Andrew J. Roof and J. F. Lafavor and the Town of Parnell, asking damages in the sum of $20,000. Cook & Cummins, Waldo P. Goof and Lucien J. Eastin are attorneys for Herndon.

The plaintiff in his petition, filed this morning in the office of the clerk of the circuit court says that on November 5 last, while passing the store of Roof & Lafavor, he failed to see in the dark, a gasoline engine setting on the walk in front of their place of business, and that falling over, he sustained a fractured hand, together with great mental and bodily anguish which has resulted in his permanent disability.

Roof and Lafavor are charged with violating the city ordinances in placing an obstruction on the walk while the town is charged with permitting the violation.

The progress of the case will be watched with much interest in all of the towns of the county.

LENT STARTS TODAY

Ash Wednesday Services Held In Churches Opening Penitential Season.

Today is Ash Wednesday, which marks the beginning of the Lenten season, which this year is considerably later than usual. Lent will last for forty days, exclusive of Sundays, terminating on Easter Sunday, which this year falls on April 20.

A number of creeds, principally Catholic, Episcopalian and Lutheran, observe the Lenten season, and in church es of these denominations there will be regular services appropriate for this season. In the Catholic churches the observance of Ash Wednesday is marked with the distribution of ashes on the foreheads of the faithful as a reminder of the Scriptural injunction, "Remember, oh, man, that thou art dust, and unto dust thou shalt return." Regular Lenten services will be held in Catholic churches on Wednesday, Friday and Sunday evenings.

FOOD NEED MAY BRING CRISIS.

Paris, March 5.—Herbert Hoover, head of the food relief committee today was consulted by a council of ten regarding the best means of rushing food supplies to the Czecho-Slovaks. The conference was informed that conditions there are terrible and unless immediate relief arrives there is great danger that the rapidly growing Bolshevist element will overrun the government and take control.

DEPUTY TO AID TAXPAYERS

Representatives From Internal Revenue Office Will Be Here March 13-14 to Help in Making Returns.

Geo. F. Crutchley, of the Treasury Department, internal revenue service, of the Kansas City offices in a letter today to postmaster Jas. Todd advises as follows:

"Please advise banks and merchants also rural carriers, that a deputy from this office will visit your town March 13 and 14 to assist and instruct taxpayers in making their income tax returns. On account of the short space of time provided for filing returns, please give this as much publicity as possible."

The Commercial Club has also announced that it has secured the services of Theodore S. Cady of the Federal Tax department of the Fidelity Trust Co., of Kansas City, who will be here on Friday, March 7, for a meeting with business men to give information on the new tax law. Everyone is invited to attend the meeting which will be held at the court house in the afternoon.

MAY CLUB CONGRESS

WILSON PLANS TO USE BIG STICK IN LEAGUE FIGHT

Washington, March 5.—Through friends well acquainted with his plans, President Wilson's scheme for forcing his league of nations constitution on the American people even against the opposition of the next congress it has become known.

The President is hurrying back to Paris because he has been advised that the deliberations of the council of allies are approaching conclusion that the German plenipotentiaries soon will be summoned to sign the peace, and that the treaty probably will be signed, sealed and delivered by the peace conference by April 25.

Mr. Wilson plans to return to America early in May with the treaty including the league of nations covenant in his pocket. He then will launch a nation-wide propaganda movement to win approval of the peace league by the American people, probably speaking throughout the country in its support.

William H. Taft will aid the President in this undertaking, and if Mr. Wilson's present plans are successfully matured, there will be a great nonpartisan movement to evoke an overwhelming popular indorsement of the league through public meetings in every community and resolutions of organizations of every character. After this campaign, designed to convince senators that their constituents approve the league, the President will summon the new Republican Congress in extra session in June, appear at a joint meeting of the senate and house and formally present the draft of the treaty together with a plea for its ratification.

Before the senate shall have passed upon the treaty, it is expected that it will have been ratified and proclaimed by nearly all the other nations. The President is confident that the American people will indorse the peace league, and that in the face of American sentiment and the favorable action of other nations, such opposition as exists in the senate will melt away.

Democratic leaders have gained the impression, from talks with the President, that if all goes well with his plan to procure ratification of the peace league by the senate in 1919, he will not be a candidate for re-election in 1920, for he will regard his work satisfactorily completed. But if the treaty should fail of ratification before 1920, and it should appear that the question was to become an issue in the presidential campaign, Mr. Wilson probably would deem it his duty to the people with his fight for peace league.

STATE BOARD ACTS

GUILFORD MENINGITIS EPIDEMIC IS BEING INVESTIGATED

BARNARD ALARMED, TOO

County Physician Dr. H.S. Rowlette, instructed to Take Charge of Situation at Once.

The epidemic of spinal meningitis at Guilford and vicinity which has resulted in nine deaths has been brought to the attention of the state board of health with the result that County Physician Dr. H. S. Rowlette has been instructed to take such steps as will result in checking a spread of the disease. It was learned yesterday that one or two new cases have developed, and while no deaths have occurred from the contagion since early last week, it is feared that other fatalities may result.

Fearful that the epidemic might spread to Barnard Squire Woodhead, representing the Barnard town board and Loren Campbell of the school board appeared before the county court yesterday afternoon and asked that measures be taken to prevent the disease from spreading to that community.

The disease, one of the most violently contagious known, is believed to have been brought into the community by a Mormon missionary who spent some time in various homes there. He left about a month ago, giving his destination as Independence, Mo., but is said to have gone to Liberty, Mo., where it is said he took treatment for a disease now believed to have been spinal meningitis. Efforts are being made to locate him in order to prevent its spread into other communities.

With one exception the victims have been children from one to seventeen years old. W. T. Nelson, 38, has been the only adult to die from the disease.

Besides the deaths some fifteen serious cases developed, the majority of which are reported to have recovered, or are out of danger.

Dr. Rowlette told the members of the county court in session yesterday that immediate steps would be taken to stamp out the disease and every effort possible would be exerted to this end.

ARMENIAN DRIVE NOT ENDED

But One-Third Townships in County Have Reported—Others Still at Work in Effort to Raise Quota.

The campaign for funds for Armenian and Syrian Relief has not ended in Nodaway county for the reason that during the week of the drive it was impossible for solicitors to work in the country districts on account of bad roads. County Chairman C. E. Wells stated today that the townships were still at work and expected to finish within a short time. Union and Monroe townships have reported that they will be able to report within a few days. Hughes township reported this morning, sending in an amount considerably in excess of their quota. Only a few of the school districts in Polk township have reported Chairman Wells stated.

It is urged that with a return of normal weather conditions that all townships will make an effort to complete the work this week that a full report may be made to headquarters.

DIES WITH PNEUMONIA.

Agnes Markham, the twelve-year-old daughter of Mr. and Mrs. George Foxworthy, living three miles west of Graham, died at two o'clock this morning with pneumonia. Besides her mother and step father the little girl leaves five younger brothers.

Funeral services will be held tomorrow afternoon at two o'clock at the Methodist church of Graham.

Jean Montgomery, the young daughter of Mr. and Mrs. R. B. Montgomery, who has been quite ill for several days is improving.

Mrs. Anna Todd and daughter, Miss Mabel Todd, left this morning for a two months' stay in Texas. They will visit at Wichita Falls, Houston, San Antonio and Galveston and before returning will stop at Port Arthur, to visit Miss Helen Todd who is teaching in the public schools there.

Mrs. Zeigler Returns.

Mrs. L. E. Zeigler returned last night from a visit with her parents, Mr. and Mrs. H. S. Besgrove at Fayette, Mo.

MORE ARRESTS IN BOMB PLOT

One Hundred and Fifty I. W. W. Suspects Are Being Held by Chicago Police—Money Sent From Norway.

Chicago, March 5.—Close to one hundred and fifty I. W. W. suspects were arrested during the night in a search being made by the authorities for "Reds," implicated in a plot to bomb eleven buildings in this city are held in communicado today. It became known that thiry thousand dollars of the $150,000 fund sent from Christiana, Norway, to I. W. W.'s in this country is said to have been used to finance the thwarted bomb plot in Chicago.

NORMAL-POLY GAME FRIDAY

It Will Be the Last One of the Season for the Bearcats—M. H. S. and Bentons Play Friday.

Coach Merl Sims' Bearcats will play the last game of the season tomorrow night with the Polytechnics of Kansas City, the game to be played here. The Normals have been looking forward to making Poly take the count in this event as the Bearcats were given a good walloping at K. C., on their recent visit there. The dope, however, has been undergoing somewhat of an upsetting since the Bearcats played them, the Polys having been defeated by Midland College and Midland was easily downed in their game here. The Kansas Aggies also put the Polys down for the short end of the score in their recent game, so it looks to the dopesters that Poly ought to be the victim in tomorrow night's event.

The M. H. S. season also will probably end with their game Friday night with Benton at St. Joseph. Zeigler's quintette was defeated by the Bentons several weeks ago and will make a determined effort to get on the long end of the score. The Bentons will go to Omaha for a game Saturday night.

NO INFLUENZA IN MANITOU

Soda in Spring Water Believed to Have Prevented Disease—Only Town in Country Reporting Immunity.

Remember at the beginning of the influenza epidemic last fall that medical men urged the liberal use of soda as a preventive of the disease? The advice appears to have been well timed as indicated by the following from the Colorado Springs Evening Telegram:

"It's an ill wind that blows nobody good."

So say merchants and business men of Manitou who are enjoying the best winter season in the history of the resort. People from all parts of the country are flocking to Manitou as a haven of refuge against the influenza. Manitou thus far has escaped the ravages of the disease and not a single inhabitant has been afflicted.

Many of the residents say the use of Manitou's famous soda water is the best preventive known and this beverage now is in great demand. Scores of Colorado Springs people drive to Manitou daily to get bottles filled, and any morning one can see long lines of people with their hands full of bottles waiting to take their turn at the fountain.

Virtually every winter cottage in Manitou is rented and the Cliff House is remaining open this winter for the first time in ten years. People are coming in from the outside and as yet not a single outsider has caught the influenza. Manitou seems to be the only town in the nation to escape the disease.

IN BLOODY BATTLE

SPARTACIDES AND GOV. TROOPS MEET IN FIRST CLASH

MAY OUST NEW REGIME

Two American Red Cross Workers Attacked by Reds—France Fearful Bolshevism Will Prevail in Germany.

Berlin, (March 4—via London March 5.)—The first big clash between Spartacides and government troops occurred at noon today in Alexander Platz, when the latter without warning, began firing upon civilians. Fifteen or twenty were reported killed. After a bloody battle the government troops re-captured the police station this evening.

There is every indication that the Independents and Spartacides are being backed up by thirty or forty thousand troops including the republican guard numbering fifteen thousand men The new government headed by President Frederich Ebert may be forced out within twenty-four hours. Both the Reds and the government troops are using machine guns. One young girl was caught in the line of fire during a street battle and the top of her head was shot off. Transportation throughout the city is at a standstill.

Twenty police stations in as many different sections of the city are held by the Spartacides while mobs in Alexander Platz made attacks upon two Americans who are believed to be Red Cross workers, but were driven off by troops who fired on them. The Americans were riding in taxicabs when the attacks were made. Their names were not learned.

Paris, March 5.—The gravest apprehension is felt that Germany may be plunged into Bolshevism and will have nothing to pay the war indemnity with. It is learned authoritatively that in view of the heavy claims of France and others that England may forego monetary indemnity from Germany, demanding instead a part of Germany's mercantile fleet.

Amsterdam, March 5.—There were over thirty victims in the fighting in and around Berlin Tuesday according to information this afternoon. A state of siege has been proclaimed at Hamborn and Halle. The strike in Berlin is spreading and it is expected that workers in every line of industry will be out.

VICTIM OF WHITE PLAGUE

Doyle Carriger Died This Morning at Home of Sister.

Doyle Carriger, colored, died at one o'clock this morning at the home of his sister, Mrs. Anderson on South Market street. Death was due to pneumonia. Carriger's wife, who was a daughter of Mr. and Mrs. Henry Wilson, died about two years ago. The body will be taken to Stanberry for burial and the funeral services probably held Saturday morning.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ATLANTA BUSINESS MAN IS ENTHUSED

Since Taking Tanlac Almand Says He Feels as Well as He Ever Did.

"If you had seen me before I began taking Tanlac you would hardly believe me to be the same person," said A. F. Almand, a well known seed merchant of 271-3 Peters street, Atlanta, Ga.

"For more than a year," he continued, "I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour, undigested food. I suffered with heart burn constantly and was extremely nervous, my liver was sluggish and I was bilious, too. I felt languid and tired out most of the time and often felt so bad that I could hardly attend to my business properly.

"I heard so many people praising Tanlac that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heart burn or indigestion and am not nervous like I was before, I sleep well and get up in the morning feeling fine and dandy for a hard day's work."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co.—Adv.

To Give House Party.

Mrs. Gertrude Hickman and Miss Fannie Galloway will give a week end house party at their home in Skidmore entertaining Mrs. Van Taylor of Craig, who arrived yesterday, Mrs. Herbert Hill of Fairfax and Miss Lula Gray of Craig, who will arrive tomorrow.

Miss Wilfley Married.

The marriage of Miss Margaret Esther Wilfley, the daughter of the Rev. and Mrs. Earle Wilfley of Washington, D. C., to Mr. Ralph Frank Henn, Lieut. U. S. A., took place yesterday at the Vermont Avenue Christian church in Washington. The bride is a niece of Mr. and Mrs. G. L. Wilfley of this city, is related to the G. B. Baker and Mrs. T. L. Robinson families and also has many acquaintances here.

Smith-Stephens.

Miss Edna L. Smith, the daughter of Mrs. Nora Smith of Skidmore and Mr. Frederick A. Stephens, were married yesterday in St. Joseph. The newly weds returned to Skidmore last night and today noon Mrs. Smith entertained a large party of friends with a dinner in honor of Mr. and Mrs. Stephens, who left this afternoon for Idaho to make their home. Mr. Stephens has been engaged in farming near Skidmore for several years. He will be similarly engaged in Idaho.

Mrs. Owen Surprised.

Mrs. G. L. Owen was very pleasantly surprised last night when her husband arranged for a number of their friends to come to their home and spend the evening in celebration of Mrs. Owens' birthday. Progressive somerset was played and a delicious two course supper served. The supper was prepared by Mrs. H. W. Montgomery and Mrs. Gertrude Hickman and they assisted Mrs. Owen in serving. The guests were Mr. and Mrs. Alex Wells, Mr. and Mrs. Gordon Bennett, Mr. and Mrs. J. O. Miller, Mr. and Mrs. R. A. Walker, Mr. and Mrs. John Reynolds, Mr. and Mrs. Mark Loucks, Mrs. Hickman, Mrs. Montgomery, Miss Fannie Galloway, A. C. Dodds and Mr. and Mrs. Owen.

Royal Neighbors to Meet.

The Royal Neighbors lodge will meet Thursday afternoon in the Modern Woodman hall. There will be the initiation of new members and all are expected to be present.

Forum-ettes

A Chicago preacher preached a sermon last Sunday on "The Prevailing Styles of Women's Clothes." The dispatches did not say what his text was, but it is fair to assume he took it from "Revelations."

"We see peace in sight," says a headline in an eastern paper. Not through our glasses we don't so long as we have the suffragists with us.

"Elder, do you believe everything the Bible says is true," Brother Swattum asked us this morning. "I used to, but of late I am rather skeptical. The Bible says the Lord made man in his own image. When I see some men and reflect on that declaration, I must either admit that the Bible may be mistaken, or the Lord is a most comical looking reprobate."

Gladys Marie writes in to ask if this colm thinks anything can be learned from a correspondence school. In our younger day we learned to love that way.

A Washington paper says the governis seeking a new inscription for the dollar. Here's our contribution: "In again—out again— spent again."

Beware of the woman who will tell you her age—she will probably deceive you in other things.

Told on a Maryville doctor: He was called to the telephone one afternoon last week by a man living in the northwest part of the city. The man said his wife was quite sick and after he had described her symptoms the doctor told him she had a bad case of the "flu" and that he would call the next morning. The next morning he telephoned and asked how the woman was getting along. "She seems to be all right" was the reply "and the baby weighs nine pounds."

We are still watching for the announcement of the "anti-cigarette society" welcoming the boys home from the trenches. Have you noticed one?

These be the days when it may be said of man that he "acts like a fish out of water." When a fish is out of water, you know, it wants a drink. That's what makes it act thataway.

Now that the government has settled the matter of how long a soldier may wear his uniform after he is home, some busybody has raised the question as to how long he should be permitted to wear his wrist watch. The matter should be referred to the Spit & Argue Club.

Of course it was an Irish soldier who declared his surprise that he should be getting paid for fighting.

Avoid a constipated habit, it breeds disease in the body. An occasional dose of Prickly Ash Bitters will keep the bowels healthy and regular. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

Tacky Social Big Affair.

A real jollification time was had by the men and women of the Buchanan street Methodist church last night at a tacky party given by the Home Makers of that church. Most all present came masked and so successfully were some of the camoflages that the parties wearing them were unknown until unmasking time came—and the surprises in revelation were complete. Uncle Sam hasn't kept the secret of camoflaging very good and the costumes ranged from the blushing Colonial maid to the typical hobo. Prizes were awarded to Mrs. E. W. Heidleman and R. C. Seals, complimentary to their being the best tackily dressed man and woman present. Mrs. M. E. Farrar was a very close runner up for the woman's prize.

The "tacky" program, in charge of Mrs. Earl Henderson, assisted by Mrs. L. H. Leet, was followed by a "tacky" menu of ginger bread and coffee. "Tacky" games and amusements furnished a great deal of mirth and recreation for the unconventionalities of the evening.

Mrs. Dan R. Baker, Mrs. James Blagg, Mrs. R. M. Barry, Mrs. Campbell, Mrs. L. P. Colvin and Mrs. Craig were the entertaining hostesses.

Mrs. Dale Conducts Study.

Mrs. E. T. Dale was in charge of the study program given yesterday afternoon at a joint session of the Ladies Aid and Missionary Societies of the Methodist church, South, held at the church. The study topic was "Making Democracy Safe," and readings were given by Mrs. N. F. Humber and Mrs. R. C. Holliday. Mrs. E. B. Sheldon of Kansas City, a former member of the society, who is visiting Maryville friends, was present and talked interestingly of the work of the women in the society in Kansas City to which she belongs. Mrs. L. P. Colvin and Mrs. M. L. Hopper were received into membership.

Methodist Workers Entertained.

Mrs. Gilbert S. Cox, Mrs. James Carpenter and Mrs. Fred Curfman entertained the Young Women's Missionary Society of the First Methodist church last night at the Cox home on South Main street. The program was in charge of Mrs. Arthur A. Brewer and the numbers were given by Miss Carrie Margaret Baker, Miss Jessie Briggs and Mrs. C. C. Leeson. Dr. Cox gave several solos and an informal social period closed the evening.

Mrs. Pugh Entertains Society.

Mrs. J. T. Pugh entertained Circle Number Three of the First Baptist Women's Auxiliary, yesterday afternoon at her home. The devotional period was led by Mrs. Flora Quinn and the study hour by Mrs. G. B. Holmes. Papers were read by Miss Addie Yeo, Mrs. Pugh and Mrs. Waller. Mrs. Arch Carter and Mrs. W. C. Ferguson gave musical numbers and Mrs. L. S. Yeo gave a reading. Twelve members and one visitor were present.

Merrigan-Growney.

Miss Ruth Merrigan of Clyde, Mo., and Mr. Emmett Growney of Conception, were married at 7 o'clock Tuesday morning at St. Joseph, the ceremony taking place in St. Joseph's cathedral, Rev. Father M. F. Conner, officiating. Miss Mary Growney, sister of the groom, and Mr. William Merrigan, brother of the bride, were the attendants. The bride wore a navy blue suit with hat and shoes to correspond and a corsage bouquet of sweet peas. The bridesmaid wore a tan tailored suit with hat corresponding and carried pink carnations. Following the ceremony a wedding breakfast was served at the St. Francis hotel. After a short honeymoon trip Mr. and Mrs. Growney will be at home in Conception.

Announce Birth of Son.

Mr. and Mrs. McGrame of Glendale, Cal., announce the birth of a daughter February 28 at the home of Mrs. McGrame's parents, Mr. and Mrs. John H. English at Glendale. Mrs. McGrame was formerly Miss Margaret English and all of the family have many friends in this city which is their old home. Mr. McGrame is in service with the American Forces in France. Mr. English's mother, Mrs. F. M. English of Chicago, formerly of Maryville, is in Glendale and has been spending the winter there with her son and his family.

Her First Grandson.

Mrs. Alice Ringgold of North Vine street, received a message this morning announcing the arrival of an infant son to her son and his wife, Mr. and Mrs. M. V. Ringgold of San Francisco, Cal. The baby has been called John Robert. He is Mrs. Ringgold's first grandson.

What Is the Cause of Headache? Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find a woman free from it. Sometimes the cause is obscure but Dr. Pierce of Buffalo, N. Y., a high medical authority says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom may be backache, or headache, dizziness, accompanied by bearing-down sensations, weakness, irregularity, painful periods, irritation, and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs, put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing injurious. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Spring Styles

Probably the uppermost thought in the minds of most women is that of what the new Spring Styles will be. A visit to our store will ease your mind on this score as the store is now becoming a veritable style shop—every department is receiving new Spring creations that will afford us real pleasure to show you.

Tailored Suits

There are three distinct types of suits that dominate the mode this season; the box coat suit, which is the novelty of the season, the long line semi-fitted suit, and the belted effects.

The box coat suit, a youthful type, appears with and without the waistcoat and may be cut to just below the waistline, to hip length and even longer.

This season's semi-fitted suit is distinguished by a straighter cut that merely suggests but doe not define the waistline and which is immensely becoming, and by a longer cut coat which helps to give a straight, slender effect that is so popular.

The belted suits of this Spring are notable for their narrowness of the belt, for their method of fastening, for their interesting pocket designs and their clever collars and revers.

Skirts of suits are notably longer this season, which is in accordance with the narrowness. While the extremely narrow skirt which makes walking difficult will be shunned by the well dressed woman, she will accept the slender, straight line effects that compliments her heighth and accords with the present mode.

Spring suits in serge, gabardine, poplin and chiffon taffeta in dark blue, soft tan, light blues, gray, taupes, and warm rose tones are now on display in our Ready-to-Wear Department.

Priced at $25.00, $29.50, $35.00, $37.50, $45.00, $47.50, $55.00, $59.00 and $65.00.

Spring Hats

Our early Spring hats are here and attracting the favorable attention of the ladies who have been fortunate enough to see them.

The Lisere straw frames are the feature this season. Black is the leader with ostrich feathers, quills, flowers and ribbons used as trimmings. There is also a sprinkling of gray, henna, navy, rose and the other tones of Spring.

The Sailor effects, bonnet effects, dashing high turbans and tam o'shanter shapes are all prominent in the Spring showing.

Come in and try on some of the new Spring styles. We will be glad to show you the new Spring creations whether you wish to buy or not.

MR. WILSON'S TRIUMPH.

From the New York Times.

Americans who regretted the President's decision to absent himself from the country in these days of domestic need and urgency, and the Times was one of those which regretted it, will not only cheerfully admit the greatness of its achievements at the Paris Conference, but will rejoice in their recognition of his now amply demonstrated fitness for the work he undertook. Mr. Wilson's presence at the Conference has not been a cause of discord or of jealousy; it has not been resented. It was seen from the beginning that he went there not to dominate, as his critics said, but to unite the nations. He has been marvelously successful in bringing into agreement men who represented interests that seemed to be conflicting. His influence in this work has prevailed because all the other nations represented looked upon him as a wise and impartial friend, interested only in making justice and the welfare of peoples the basis of the decisions reached. His triumph in securing unanimous approval of the league of nations constitution is one in which every American may take pride.

Mr. Wilson has a dreadful way with his crisis. He does not reply to them, he does worse. They rail at him as an idealist, a visionary, a man without practical objectives, or if he have them, that they are impossible of acceptance; and they obligingly point out the things he ought to do. Mr. Wilson calmly continues his great labors, and presently lays his critics flat and leaves them helpless either by doing the very things they had proposed, and doing in a manner better than they ever dreamed of, or else by attaining his ends in a way that robs their objections of every point. We are confident that Mr. Beck, for instance, must regret the violence of the language he used in his Lincoln Day address when he said that Mr. Wilson's foreign policy throughout "has been a black stain of dishonor upon the American people;" that "his principles have been a crazy patchwork of contradictions," and in bringing the war to an end without victory, some fourteen nations of the earth, including the greatest civilized nations. Such criticism recoils disastrously upon him who utters it. Not even the neutral desire of a great political party to find or create "issues" for the coming presidential election can give lodgment in the minds and hearts of the people to this estimate of Mr. Wilson's distinguished service.

The day when the project of the covenant of peace was approved unanimously in Paris was one of the greatest in the world's history. The people of all the nations understand that; the people of America, with their horror of war, cannot be fooled about it, they cannot be misled into any small and narrow view of its momentous promise. In bringing the plan of the league into form and acceptance, Mr. Wilson has played a master role, every American feels that in his heart, every American understands that he brought great abilities, extraordinary qualities of tact and persuasion, and a profound understanding of the need of all the peoples to the performance of his task. The American people will be impatient of any petty or partisan obstruction put in the way of the acceptance of this covenant of the nations as their public system of law and justice.

The women of the Centenary church will hold a home cookery market Saturday, March 8, at the Schumacher grocery store. 5-7.

The Most Elaborate Dugout.

From the Detroit News.

Prince Rupprecht's waldhaus in the Argonne is to be kept as a national curiosity. It is said to be probably the most elaborate dugout that was ever built. Dug into the hillside, concreted and camouflaged so elaborately that from a few yards off one does not perceive it, it consists of four or five good sized rooms of which those nearest the hillside have iron shutters. The rooms are paneled and painted, and there is also a swimming-bath of about ninety feet in length and sixty in width. It is outfitted with electric lights and hot and cold water. A passage leading from the front of the dugtnorftoefh-esl zz cm et eta etaa out takes one down sixty feet and into perfect safety. This passage is no longer passable, as water has filled it up. During the war pumps were kept going constantly to keep it dry. Just outside and for less stormy periods, is a German biergarten with tables and chairs and flower beds.

Commercial Club "Dolls Up."

The rooms occupied by the Commercial Club have been made more comfortable by the addition of a new hardwood floor, while the walls have been redecorated and other improvements made.

Obituary.

Mrs. Francis Workman departed this life March 2, 1919, after a painful and lingering illness. It was given her to live longer than to most of us in this world. She was born 65 years ago in Illinois. For forty-five years she and her husband walked together thru the sorrows and joys of married life. To them were born three children, Mrs. Dora B. Yeager, Clarence Workman and Irvin Workman. Just two months ago we buried Irvin.

None of us would call her back to this world where she saw so much suffering in the last days of her life. She has tasted of the sweetness and joys of the better life. She was a faithful wife and mother. She called her loved ones round her bedside and admonished them to be prepared to make the journey across the river. She loved devotedly and was faithful to those whom she knew.

The funeral was conducted by W. C. Ferguson, pastor of the Baptist church, from the home of her son, Clarence Workman, northwest of Maryville. The body was interred in the Workman cemetery.

How we realize that life is precarious at best. Today the candle is burning brightly, tonight a fitful gust blows out of the east, and tomorrow nothing remains but the charred wick and a little group of mourners.

Altho the voice we loved is stilled in death, and we know we cannot call her back again. We would not if we could. She is released from pain and suffering. Still each one of us can go to her, if we are prepared thru faith in Christ.

"She resteth now. No more her breast
Heaves with its weary breath;
Pain sits no longer on the brow
Where lies the calm of death.
Sunk to her rest like a tired child,
She lies in slumber deep,
Soft folded in the arms of Him
Who giveth His beloved sleep.

Nay, doth she rest? No, day nor night
She resteth not from praise;
Her spirit, wing'd with rapture, knows
No more earth's weary ways;
But ever toward the Infinite
Her flight onward, upward, does she keep,
For He gives active tirelessness
Who giveth His beloved sleep."

Indians Ask Autonomy.

From the Seattle Post-Intelligencer.

Missoula, Mont.—A real Flathead Indian council, said to be the first held in Western Montana since the white man arrived here in large numbers, was held recently at the Mission and it has just been learned that as a result of it the Indians, backed by Major Sharp, will appeal to Washington for the right to administer their own financial affairs. Resolutions were drawn up asking that the reservation population be freed from the supervision of the agency and Major Sharp, the agent, favors giving the Indians a chance at it.

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unintelligent treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation. And everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs. S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Go to your druggist to-day and get a bottle of S. S. S., and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.
